DOCKET FILE COPY ORIGINAL

Dear Mr. Engberg:

Thank you for your letter of March 18, 1996, which was forwarded to us from the office of President Bill Clinton, regarding the Commission's decision to freeze acceptance of paging applications. You express concern that the suspension of processing of paging applications will adversely affect small businesses that provide paging services.

The Commission is currently conducting a rulemaking proceeding that proposes to transition from licensing paging frequencies on a transmitter-by-transmitter basis to a geographic licensing approach, using auctions to award licenses where there are mutually exclusive applications. In conjunction with that proceeding, the Commission initially froze processing of applications for paging frequencies. On April 23, 1996, the Commission released a First Report and Order in **WT Docket 96-18** and PP Docket 93-253, which adopted interim measures governing the licensing of paging systems and partially lifted the interim freeze for incumbent paging licensees. For your convenience and information, enclosed is a copy of the Press Release concerning the First Report and Order, which includes a summary of the principal decisions made. Specifically, small and medium sized incumbent paging companies will be permitted to expand their service areas if the proposed new site is within 65 kilometers (40 miles) of an authorized and operating site. These interim rules will remain in effect until the Commission adopts final rules in the paging proceeding.

Thank you for your inquiry.

Sincerely,

David L. Furth  
Chief, Commercial Wireless Division

Re: FCC Robbery

Dear President Bill Clinton:

Dear Sir,

I would like to draw your attention to a severe problem brewing at the FCC. They are attempting to freeze the issue of licenses retroactively. This will cause the loss of capital to many people like myself who have complied with the process they dictated months ago, and now they wish to cancel all apps. This will cost me personally over \$7000.00, as well as many other people. Please review WT Docket No. 96-18 and PP Docket No. 93-253 and put an enf to this action. It is unfair, and just a form of highway robbery. I am forwarding a copy of the draft my atty. has put together. We need your help on this...please advise  
Sincerely,

Thomas Engberg
